CSC-496/696: Natural Language Processing and Text as Data

"Lecture" 23

Patrick Wu

Tuesday, December 3, 2024

Final Project Logistics

- Final project presentations today (Tuesday, December 3) and Friday (Friday, December 6)
- Final paper due on **Friday, December 13 at 5:00pm ET**
- No late days
- You **do not** have to upload code to GitHub
  - I'm happy to help you do so after the class ends
- Instead, you can submit your code and data as an attachment on Canvas or email me
- If the data file is too large for email, send a Google Drive link or the link to the original data source

Next Class

- Wrapping up presentations
- Wrapping up class (about 20 minutes)
- And...that's it!

Today's Presentations

We'll go in the randomly assigned order

- Brown and Stephen
- Peter and Pham
- Yewei
- Faiza
